

**The Serbian National Register of Internet Domain Names (RNIDS, [www.rnids.rs](http://www.rnids.rs))** is a non-governmental, non-profit and expert organisation managing the national Internet domain of Serbia. **RNIDS** was established in 2006 and in 2007 the delegation of .RS and .YU domains was approved by ICAAN. **RNIDS** was registered as a fund with 39 founders.

The competition for  
**the DIRECTOR**  
of the **Serbian National Register of Internet Domain Names**  
now open

We are looking for a successful manager with the energy and knowledge **RNIDS** needs to fulfill its mission - to contribute to the Internet development in Serbia in order to satisfy the general interest of all citizens of the Republic of Serbia, complying with the principles of quality, efficiency, independence and transparency.

**Tasks and obligations:**

- Managing operations of **RNIDS** (planning, directing and monitoring work of their associates);
- Performing activities aimed at the fulfillment of the organisation's vision and mission and carrying out Management Board's policy;
- Intensively communicating with registrars, international institutions and the public.

**Requirements:**

- Knowledge of business aspects of the Internet and general knowledge of modern Internet technologies and trends;
- Minimum 3 years of experience in the same or similar field;
- University education;
- Advanced knowledge of English language.

This is the right job for you if you want to move ahead in your career by holding a leading position in the organisation with a unique role on the Internet market.
